

DO YOU HAVE A CHILD WITH AUTISM?

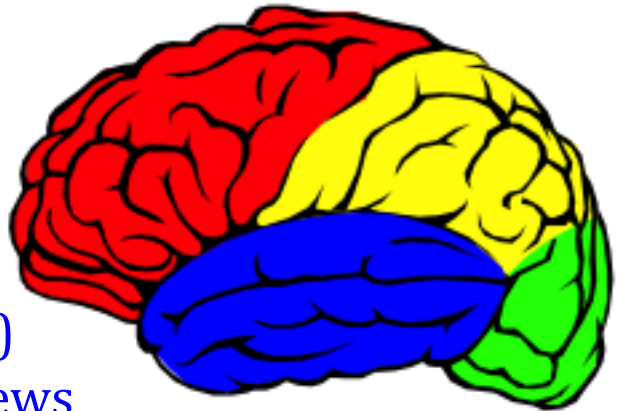

Participate in a UCLA research study!

Your child may be eligible if he/she

- Is between ages 8-17
- Has fluent verbal language

Participation involves

- Brain scan (MRI)
- Brain wave recording (EEG)
- Questionnaires and interviews
- Blood draw for the child and his/her parents and siblings

Your family will receive

- \$40 per family member for the blood draw
- \$150 for the MRI/EEG
- A picture of your child's brain!

**For more information call UCLA at
310-206-4482**
