The Help Group's Schools & Programs for Autism Spectrum Disorders, Learning Disabilities & ADHD

SCHOOLS

Village Glen School serves children with social and communicative disabilities, including Asperger's Disorder, high-functioning autism and nonverbal learning disabilities. It offers a unique, individualized education with an emphasis on social skills in a nurturing, therapeutic environment. The **Pace Program** is available for gifted students. The **Beacon Program** educates students with behavioral challenges. **Village Glen Commons**, a therapeutic boarding program, is designed for adolescents with Asperger's Disorder or high-functioning autism.

Bridgeport School integrates an academic curriculum with hands-on life skills training and vocational services for students with mild cognitive delays and challenges in the areas of social communication and/or language development. The **Bridgeport Transition Program** prepares students ages 18 through 22 to transition from the school environment to young adulthood by fostering vocational and independent living skills.

Sunrise School for Autism & Developmental Disabilities is dedicated to promoting communicative, behavioral, social, academic, motor, adaptive and independent living skills. These comprehensive programs enable all students to maximize their potential.

Young Learners Preschool for Autism is designed for children with autism spectrum disorders (ASD) and other social, communication and developmental delays. This program assesses the nature and degree of the challenges each child is confronting and fosters early development through an interdisciplinary approach.

Summit View School fosters the fullest potential of students with specific learning disabilities. In this dynamic environment, students build their academic skills and experience the educational process as positive and rewarding.

Coldwater Canyon Prep offers a comprehensive academic and therapeutic curriculum in a highly specialized day school setting for students with specific learning disabilities and accompanying social-emotional needs.

Pacific Schools comprise two unique educational and therapeutic day school programs. **Harbor School West** serves students with issues related to mood disorders, lack of motivation and withdrawal. In this environment students can feel safe to be themselves. **Pacific Ridge** addresses the educational needs of students with emotional and behavioral challenges.

PROGRAMS

The Help Group Center for Autism Spectrum Disorders provides multidisciplinary assessment, consultation, intervention and family support. This center offers seminars for parents and professionals and promotes public awareness of ASD. **Kids Like Me** provides a wide array of ASD after-school, weekend and summer programs including day camps, social skills groups and enrichment classes. **Camp Discovery** is an outdoor day camp for children with mild to moderate special needs.

The Help Group - UCLA Autism Research Alliance and **The Help Group - UCLA Neuropsychology Program** are innovative partnerships of The Help Group and the UCLA Semel Institute. The **Autism Research Alliance** is dedicated to enhancing and expanding clinical research into ASD education and treatment and to contributing to the development and use of best practice models by educators and clinicians. The **Neuropsychology Program** provides assessments and consultations, and enriches the field of knowledge through its research and educational endeavors.

ADVANCE LA provides comprehensive and individually designed support services to help post high-school young adults with ASD reach their full potential in academic and/or employment settings.

The Help Group because every child deserves a great future

Founded in 1975, The Help Group is the largest, most innovative and comprehensive nonprofit of its kind in the United States serving children with special needs related to autism spectrum disorders, learning disabilities, ADHD, mental retardation, abuse and emotional problems.

The Help Group's seven specialized day schools offer pre-K through high school programs for more than 1,300 students. The Help Group's wide range of mental health and therapy services, child abuse and residential programs extends its reach to more than 6,000 children and their families each year. With more than 800 staff members, The Help Group's state-of-the-art schools and programs are located on four major campuses in the Los Angeles area.

The Help Group is highly regarded for its high standards of excellence, unique scope and breadth of services. Through its public awareness, professional training and parent education programs and efforts at the state and national levels, The Help Group touches the lives of children with special needs across the country and in other parts of the world.

At the heart of its effort is the commitment to helping young people fulfill their potential to lead positive, productive and rewarding lives.
