

COLDWATER CANYON PREP

Discovering Potential. Realizing Success. Transforming Lives.

COLDWATER CANYON PREP, accredited by the California Department of Education, is a highly specialized upper school program serving students with learning disabilities and accompanying challenges such as ADHD or mood disorders. In this nurturing educational and therapeutic environment, students are able to achieve academic and social success. Small class size ensures an optimal learning environment. Services are provided by teachers holding California credentials in the area of mild-to-moderate learning disabilities. In addition, related services are offered in the areas of counseling, speech and language therapy, occupational therapy, and adaptive physical education. Coldwater Canyon Prep has a computer lab, library resource center, art room, science lab, basketball court and auditorium.

PROGRAM

At **Coldwater Canyon Prep**, students are welcomed into a warm, safe, supportive environment where they can discover their potential, realize their successes, and transform their lives.

The fundamental areas of learning include:

- Grade-level coursework that follows the scope and sequence mandated by the California Department of Education
- College preparatory classes such as lab sciences and foreign language for admission to two and four year colleges
- Research-based reading and writing programs
- Study skills instruction
- Computer literacy and technology skills
- Vocational training and career preparation
- A positive reinforcement program that recognizes individual strengths and fosters responsibility and autonomy

The CCP program is enhanced by:

- Social Skills education that promotes positive peer interaction and personal growth
- Citizenship skills development through community-based volunteer programs
- Library and Resource Center
- Creativity and self-expression through Drama and Fine Art
- Team Sports
- Individual and group counseling to explore adolescent issues
