& Robotics

club l.a. is an exciting social club for young adults 18 and over who are on the Autism Spectrum or need assistance in developing and maintaining friendships. It provides a great opportunity to make connections with other young adults with common interests and is structured to ensure a positive experience for all participants.

club l.a. is part of Advance LA, which provides individualized support services including one-on-one life skills coaching and workshops for young adults with unique challenges in their transition to adulthood.
