

Summer School Program (ESY)

Join us for summer fun and maintain academic and social growth!

DATES: JULY 10TH - AUGUST 4TH

..... **HERE ARE OUR FUN THEMES AND EVENTS**

HIGH SCHOOL

Super Heroes - Students will utilize the Spiderman comics for reading materials. Summaries will be written expressions that reflect student's comprehension of the text, and the Mind-Up activities will be embedded in the curriculum once a week in correlation with the Super-Hero theme as it relates to student's strengths, weaknesses, and their ability to effectively use the strategies for positive coping skills.

Music - Making music together fosters a sense of empathy and encourages students to consider each other's ideas, building important social skills and contributing to a positive learning environment and community. NHP will be engaging in music making, such as exploring sounds through instruments and songwriting, provides students with a healthy outlet for processing their emotions. This can be an effective way to encourage emotional regulation and promote self-care.

MIDDLE SCHOOL

Middle School On-the Go - Studies have shown that students who go on field trips become more empathetic and tolerant. To spur social-emotional wellness, the middle school program will be on the go - exploring and learning how to connect with each other, themselves, and their environment.

ELEMENTARY SCHOOL

Summer of Science - Each season brings along new themes to explore in our elementary classrooms. Summer's heat naturally causes students to ask, "How can we cool off?" Our elementary science experiments can help students explore their natural curiosities. Our students will find new ways to promote Mindfulness.

.....

For current Help Group students, please contact your school's administration office for more info. For new students, please contact The Help Group admissions office at 877-943-5747 or admissions@thehelpgroup.org.
